CHAS. HOSHOR WRITES OF EXPERIENCES WITH BOCHES

NAMES NODAWAY BOYS

Gives Names of Home Boys in His Company Together With Those Wounded and Nature of Them.

In a letter to the Democrat-Forum under date of November 5, Sergeant Chas. F. Hoshor, with the A. E. F., in France writes as follows:

"Just back from the front and will drop you a line if the 'cruddies' don't make too many counter attacks. I am back at rest billets and with a good dry place to sleep—and its fine after what we've had. Fritz treated us just a little rough but the Nodaway boys in this regiment are still full of scrap. Here is a list of the boys who are with the company at present: Ray O'Grady Loren Bagley, John Henggeler, James Gabhart, Wade Ross, John Walkinshaw Chester Wilson, Lester Swearingen, Mike Gaa, Ralph Dixon, Harry Piveral, and Robert C. Filson. These boys received slight wounds, but will soon be back with the company, and not one badly hurt for I saw them myself. Arthur Cobb, gassed; Reuben Hall, bullet in hand; Francis Popham, hit with shrapnel in one finger; Laymen Hansen, slightly wounded; Leo Roney, bullet in shoulder. If we continue to be as lucky we will return with a great experience, and can say, each of us, that we don't belong to the S. O. S., but some of us have to be there. Fritz had his artillery this time, but we gave it back to him just as good as he sent. We captured oodles of prisoners, but did not have as good luck as Fay Corrough had. We thought our first drive was rough, but it was not to be compared to this one. Just a little of my experience: Spent three days in the front line in mud six inches deep and could only swat Fritz in the eyes with mud balls. He beat it and never got close enough again for us to damage him much. I had a couple of close calls out of a thousand that were miracles I experienced myself. Was lying on the ground in the line of combat groups, being in charge of the middle line—there were three lines with about twenty feet between each. A .75 hit between my line and the one to the right, and about twenty feet from me; it wounded eight about me, leaving two unscratched. Was on a chow detail with twenty-two others when six 155's hit in the middle of our line; it set me down on the ground pretty hard and wounded five men in the bunch badly—one just behind me and four just in front. Received ten Democrat-Forums today and we boys sure appreciate them.

M. H. S. VS. KING CITY TONIGHT

First at Home Game Expected to Attract Large Crowd.—Girls Team Plays Hopkins Saturday Night.

The Maryville High School five will take on the King City team tonight on the Normal court, being the first at-home game to be played. While little is known of the strength of the King City bunch, Coach Zeigler believes his men ought to have an even break, despite the fact that the team is missing two dependable players. Price is out of the game for the season with an injured knee, having been thrown in the game at Hopkins last week, while Robison, forward, was lost through graduation.

The line-up will include: DeArmond, captain; Cook, forward; French, center; Foreman, Kirby and Campbell, guards; Farmer and Pierpoint, forwards. H. P. Swinehart will referee the game.

The girls basket ball team will go to Hopkins Saturday night for their first game of the season with the Hopkins school team. The players will be accompanied by Miss Martha Denny, coach, and Miss Maria Hart, who will act as referee. The team includes Ruth Miller, Margaret Dietz, Marie Kissinger, Mabel Raines, Ruth Bookman and MaryMiller. The players are in prime condition and expect to annex the long end of the score.

To Portland, Ore.

Mr. and Mrs. J. R. Alexander, living near Orrsburg, left yesterday for Portland, Ore., where they will visit their daughters, Mrs. Earl Crabb and family, and Miss Gladys Alexander. The latter teaches in the Portland schools. The Alexanders will make an extensive visit at other places in the west before returning.

COURT NEXT WEEK

JUDGE DAWSON HAS A LARGE DOCKET TO DISPOSE OF

CRIMINAL CASES ARE FEW

On the Trial Docket, However, Ninety-four Cases Are Head-Line Divorce Cases Down for Hearing.

With almost a year having elapsed since there has been a regular term of circuit court, the docket on the term that will begin next Monday morning is an unusually large one and is an indication that it will take at least two weeks to dispose of the cases to be heard. While there are no murder cases, several criminal cases are expected to take up considerable time. Ninety-four cases are on the trial docket.

With twenty-two criminal cases, nine are for grand larceny, seven are for assault of various kinds, one arson case will be heard, three are on the docket charging gaming and the will answer to parole call. There are for hearing. Nine divorce cases will be heard, while twenty-one persons will appear to parole call. There are thirty-one cases on the equity docket.

The petit jurors for the term are: Atchison, James Smith; Grant, Preston Curnutt; Grant, James Jobe; Green, E. A. Springer; Hopkins, Mart Young and J. W. DeMott; Hughes, A. A. Neuffer and Clarence Leeper; Independence, W. E. Allyn and Wm. Killion; Jackson, R. F. Allen; Jefferson, Robert Graham and Lawrence Growney; Lincoln, L. L. Tudder and W. H. Benham; Monroe, Ray Strickler; Nodaway, U. S. Reavis; and S. S. Webb; Polk, Al Heflin, Tom Kane and James Eckles; Union, Hugh McClurg; Washington, Joe Thompson; White Cloud; Wilbur Hubbard.

Federal Investigator Says Packers Paid Former Kansas Representative to Oppose Probe.

Washington, Jan. 71.—In exchange for his opposition to the Bourland resolution proposing an investigation of the packers, Joseph Taggart, former representative of the first Kansas district received campaign contributions from the packers totaling $1,000, Hugh McIsaacs, a federal trade commission investigator swore before the senate agricultural committee today. This and other information he secured from the examination of the packers' papers was made over the protest of Henry Veeder, council for Swift & Co.

DRY VERDICT IS ACCEPTED

Washington Regards as Futile Any Effort on Part of Wets to Stop Enforcement.

Washington, Jan. 17.—With the announcement of the ratification of the national prohibition amendment by more than the required thirty-six states attention immediately was focused upon the last despairing threat of the liberal forces to expend a billion dollars, pledged in the name of the distillers of the country to invoke referendum provisions in a dozen or more of the ratifying states and to fight in the United States Supreme Court the proclamation putting the dry decree into actual operation.

Responsible opnion here in overwhelming majority, legal and political, and representing the honest judgment of anti-prohibition as well as prohibition advocates, is that the fight to stave off the operation of the amendment will be utterly futile and that the plea of the liquor interests will be denied by the court of last resort. Washington accepts the verdict as final and within an hour preparations were under way to make effective the revolutionary change in the basic law whereby the nation will become bone dry in one year, after more than 125 years experience with a legislated liquor traffic.

The main contentions of the liquor interests in carrying the fight to the supreme court will be, first, that the amendment resolution was not adopted by a two-thirds majority of the entire membership of the two houses of congress; and second, that the action of the legislatures in states where referendum provisions are a part of the constitution cannot be certified to the Secretary of State until after the people, at a referendum, have reviewed the action of the legislatures.

50-50 BREAK SO FAR

NORMAL BEARCATS LOST GAME TO WILLIAM JEWELLS

JEWELS 44---NORMALS 26

The Game With Poly at Kansas City Tonight Is Last One of Present Trip.—Home Saturday.

With the Normal Bearcats losing to the William Jewell five at Liberty last night, the team is going against another stiff proposition tonight when they play the Polytechnic Institute five at Kansas City. The game at Liberty resulted in the Normals being on the short end of a 44-26 count. Maryville took a spurt early in the second period, but could not overcome the big lead. Mayberry, Jewell guard, caged six field goals; Egley, Normal forward starred for the Bearcats with sixteen points to his credit; Miller got two field goals. D. Keedy Campbell refereed the game. With the Poly game on tonight the Bearcats are still 50-50 for the trip.

Today's Times says of tonight's game: "Maryville established a fine record in the M. I. A. A. race last year and the game tonight promises to be a closely waged battle. Poly has defeated William Jewell and Tarkio, M. I. A. A. members, so far this season and the team will be out to make it three straight tonight."

Campbell will referee tonight's game

Local fans are taking unusual interest in the trip of Coach Sims' men, the dopesters having figured it out that the Bearcats ought to be able to take two of the three games played. The game with Poly tonight is not a conference game and will not count in the final average. The team will return home tomorrow.

Coach Sims will be delighted to hear on his return that another letter man has entered school, who will strengthen the team where it is weakest, namely, the defense. The player referred to is Lee (Dad) Scarlett, who was with the team during the 1916 and 1917 seasons. Scarlett can play either center or guard and is a star at both positions He was selected as guard on the All Conference team in 1916, and was captain of the Normal five in 1917.

Harry Alderman Here Saturday.

Harry Alderman of Waterloo, Ia., will arrive in Maryville tomorrow to visit over Sunday with his brother and his wife. Mr. and Mrs. M. J. Alderman. Mr. Alderman is head of the advertising department of the Associated Manufacturers company of Waterloo, which is the same position he held before entering military service. He was discharged three weeks ago from Camp Zachary Taylor, Louisville, Ky.

FOCH DEMANDS 12 BILLIONS

Armistice Negotiations Result in Big Damage Claim.—Railways and Forests Asked as Guarantee.

Berlin, Jan. 17.—Marshal Foch demanded $12,500,000,000 from Germany at the armistice negotiations at Treves State Secretary Erzberger stated to the German government, according to a report circulated here today. Of this sum $7,500,000,000 was for indemnity as a result of damage done by the Germans to Northern France and Belgium, and 5 billion was for other damages. As a guarantee for payment the Allies demanded control of German railways and forests, it was stated.

LIEBNECHT IS SLAIN

SPARTACAN LEADER AND AID VICTIMS OF BERLIN MOB

WERE SHOT TO DEATH

Officers Who Were Escorting Them to Prison and Persons Who Did Shooting Under Arrest

London, Jan. 17.—Karl Liebnecht and Rosa Luxemburg, the two chief leaders of the Spartacans, and both active in spreading Bolsheviki propaganda, have been slain, it was announced today. Liebnecht was shot while trying to escape from his guards in Berlin. A Zurich dispatch states that Rosa Luxemburg was shot while a Berlin crowd was clamoring to lynch her. She was slain in an automobile while he was enroute to the prison, the crowds surging about it attempting to drag the woman from it when a man jumped on the running board and shot her to death.

Officers who were escorting Liebnecht and the Luxemburg woman when they were killed, together with the persons who were responsible for the shooting have been arrested by the authorities, and will be severely punished. it was announced.

Zurich, Jan. 17.—The death of Karl Liebnecht and Rosa Luxemburg resulted in the renewal of fighting in the suburbs of Berlin and elsewhere, according to information received here this afternoon. The Spartacides attacked the Krupp plant at Essen threatening to destroy the plant, but were repulsed by government troops. A battle was said to be in progress in one suburb of Berlin.

IS A COLONEL NOW

MAJOR NEWLON TAKES CHARGE OF REGIMENT OF A. E. F.

VISITS BATTLE FIELDS

Ride of Over Two Hours Through Devastated Region Saw No Living Thing in Sight.

The following interesting letter has been received by Mrs. C. D. Nicholas from her brother-in-law, Col. Paul Newlon, now in command of a regiment of American Expeditionary Forces in France. Col. Newlon was a major at the time the letter was written, but has since been advanced to the position of colonel. He is a former resident of Maryville and brother of Fred Newlon, and is well known here. His letter which was written on different dates, November 12, November 22 and November 26, follows:

France, November 12.—Believe me, there was some celebration in France last night. People carrying the tricolor of France La Guerre Fines (the war is finished). They were all drunk on wine and celebrated all night. At our officers mess of about twenty-two we had a big time in honor of the French lieutenant who was with us, he being with us as interpreter. He proposed a toast which shows the spirit of France toward us. It was as follows: 'Major Newlon and gentlemen: The emotion which fills my heart prevents me from finding the proper words to express my feelings. You will therefore excuse me if I cannot talk with my brains but with my heart. In the name of our dead heroes who are avenged, in the name of their old fathers and mothers who are weeping for them, in the name of the children of France, who are preserved from the German stain in the name of France, of liberty, of freedom, I thank you as a Frenchman; I thank all for having, from the very day you left your native land, made the sacrifice of your homes and of your lives. I drink to America, of France, for the greatest benefit to humanity.' The poor fellow had been all through it and was so overcome at the report of the signing of the armistice, he could hardly believe it was true. One poor mother got the word yesterday that her son was killed the last week after going all the way through.

I took a hike with the battalions this morning to a place I may not mention, but it was to the ruins of an old church destroyed during the French revolution. It was built by the St. Bernard monks in 1118. It must have been a wonderful building. The ruins are just as they were 125 years ago. There is a fine chateau close by that was used by the monks and the old kitchen is still used. The officers went inside and saw a lot of fine paintings, also the coat-of-arms, swords, etc., of the family that has owned the estate for five centuries. It is the home of the Count de Fontenay who is about 80 years old. He wasn't there today but will be soon and we are going back and meet him. It is the place Marshal Foch comes to hunt and rest. He and his staff were there six weeks ago for two days.

I am looking for a big bunch of men in today. We don't know where we will go but think we will be in the army of occupation. Col. Means got into the big fight and I am terribly disappointed I didn't.

I have so much to tell you, but cannot write lots of it. Am feeling fine and getting along the best kind. The French have my headquarters windows so full of flags I can hardly see out.

Nov. 22.—I sure am some busy. The colonel is on a month's sick leave Has gone to Southern France, and I am in command of the regiment. He seems to be pretty sick with the grippe and told some of the officers that he might not be back to the outfit but that I would probably take the regiment home. I hope tho that the warm climate where he is going will make him feel better. He coughs bad and looks bad. We are handling thousands of men the last few days. General Strong was here a few days ago. A party of us are going up on the front line Sunday. We have a Dodge Sedan for the use of the regimental commander, so I use it when I have a trip. A bunch of us visited the chateau Sunday and were received by the Count de Fontenay. This is a very old family in France and we had a very interesting trip. He is 80 years old and the countess is one of the sweetest old white haired ladies I have ever seen. They can't speak English, but my French lieutenant was with me to interpret. The chateau is filled with fine paintings. The count is an artist himself, also coat-of-arms, armor plate, guns, etc., of every kind. Marshal Foch had his headquarters there in August when the St. Mihiel drive was on. Secretary of War Baker called on the marshal there and held their consultation on the conduct of the war. They had large maps spread out on a billard table. The count is the oldest living officer left of the French army of the Franco-Prussian war. He was a general and is a graduate of St. Cyr, the West Point of France. He has fought several duels, has portraits of many of his ancestors whose names are well known in French history. The family lost much of their land and wealth in the French Revolution as they were Catholics.

The most of the boys who were prisoners of Germany are going thru our Division but I am not getting any of them. General Strong just drove up and sent for me. He was very pleasant. He has a big Packard Sedan.

It hasn't rained for a week now. Fine fall weather

Nov. 26.—It has commenced raining here again and is very disagreeable. I took a trip up to the front Sunday with a party of my officers. It was a wonderful sight. I can't mention some of the places where we were, but they were points where some of the hardest fighting was done. We saw perhaps 20 towns that were entirely destroyed. In fact all we saw were. Some of them were pounded into the ground. We saw one well known larger city of probably 150,000 before the war, where there was a very fine cathedral (Rheims?) that had been destroyed. We traveled all day in that section and didn't see a woman or child. We were behind the old German lines for quite a ways which they had held for four years and had built fine dugouts. The officers' dugouts were made of cement and had glass doors, etc. They had changed the road signs and all kinds of signs to German. In fact, the Germans had only been gone three weeks. We saw miles and miles of all kinds of barbed wire entanglements, trenches, dugouts and debris of all kinds, rifles, machine guns, ammunition, clothing, artillery, blankets of the French, German and American army were piled along the road where they had been salvaged. Some dead horses were still unburied. We were struck with the small amount of graves we saw. All troops are gone from there except labor regiments who are cleaning up. We rode for 2½ hours through a devastated region and didn't see a living thing except a hawk chasing a rabbit thru the entanglements.

The farmers here all lived in villages and these had been destroyed and the people had left or had been run off into Germany. They haven't anything to come home to. Bridges gone, roads shelled, trees torn to pieces. I am more disappointed every day that I did not get into it. We are handling a great many men. Getting them back to their outfits from hospitals, etc. Have no idea when we will be home. I am making no plans. I see Lansing says that peace won't be signed until February. So we will be here for some time.

Must close and make an inspection of the kitchens. After seeing what the Huns have done to France and after the exposure of the Kaiser's plans, I am glad we got in when we did and stopped them from coming to our shores. Everybody here thinks the conquering of France and England was the beginning of a war for world conquest.

COL. PAUL NEWLON.

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Winter is half over and the feed bill has been greater than ever before to maintain draft stock on the farm and they must be fed up good and strong from now on for spring work to get the best results from their services.

Moline Universal Tractor users are saving their feed Now or producing meat for human food. Their tractors cost nothing to maintain when not at work, besides they reduce the cost of production and require less farm help to operate and will do all the farm draft work, including cultivation of all row crops, with the labor of but one man.

Moline Universal Tractors are more successful for cultivation of crops and have greater endurance than horses could hope to have yet; requires but one man to operate both implement and tractor.

The world will bid high for American farm products this year and for years to come and when one man may produce more food and cut his farm expense less than half by the use of power machinery, let's do this: Buy farm power machinery, sell draft stock, reduce cost of operation and increase production.

Let us go into details with you now about this equipment before spring work comes and then YOU will be prepared to start even with YOUR year's work.

Factory Retread Tires
WHAT IS "FACTORY RE-TREADING?"

There is no question about the economy of re-treading tires, providing it is properly done. "Factory Re-treading" is done in a factory where tires are MADE and it is done in the same manner in which the tires are made in the first place—by vulcanizing RAW rubber onto a fabric that has been tested to withstand terrific hydraulic pressure. That is, if your fabric is WORTH re-treading it is done—but if it is NOT worth it, we will tell you so and save you an expensive experiment.

Factory re-treads WON'T COME OFF — because they are not PUT ON—they are simply re-built tires.

We will be glad to show you samples of Factory Re-treads and give you prices.

We repair tubes, punctures and blowouts on short notice.

DAILY HEALTH TALKS
What Is The Cause of Backache?
BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing-down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women, for the vegetable growths of which it is made seem to have been intended by Nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Send 10c for trial pkg. of Tablets. Address Invalids' Hotel, Buffalo, N. Y.

Constipated women, as well as men, are advised by Dr. Pierce to take his Pleasant Pellets. They are just splendid for costiveness.

MR. HAPPY PARTY SAYS TO BUY YOUR MEAT HERE AS OTHERS ARE DOING AND YOU WILL ALWAYS BE SATISFIED, AS IT IS THE BEST. IT WILL MAKE YOU WANT TO BUY MORE AT PROPER PRICES.

QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then — a bad breath — a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

DRYS TO USE ALL RESOURCES.

Washington, Jan. 17.—With nation-wide prohibition it is now the aim of the drys to the end that the resources of the powerful prohibition organizations of the country be thrown into the fight against the efforts of the wets to prevent its enforcement by the government, it was announced today by Edwin Dinwiddie, legislative representative of the anti-saloon league.

SAYS COLD WEATHER BRINGS RETURN OF INFLUENAZ

Public Must Be Careful To Avoid a Second Epidemic—Easier To Prevent Than Cure—What To Do.

"Encouraging reports of the fewer cases of Influenza in this vicinity should not allow us to relax our vigilance or to become careless in the belief that the danger is all over," says a well known authority. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions, taken by the public, to prevent infection.

When the air is full of influenza germs, you may be constantly breathing them into your nose and throat. But their danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood.

During the recent serious epidemic which hit Maryville so hard, most successful results were obtained by many through the simple breathing into the nose, throat and lungs of the medicated air of Hyomei. Probably no better, safer or more sensible precaution against Influenza, Grippe, Coughs, Colds, Bronchitis or Catarrh of the nose and throat could be employed than to go now to the nearest drug store and get a complete Hyomei outfit consisting of a bottle of the pure Oil of Hyomei and a little vestpocket hard rubber inhaling device into which a few drops of the oil are poured.

Carry this Inhaler with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germs that may have found lodgment there. This simple precaution may save you a serious illness and the loss of several weeks' work. It is pleasant to use and not at all expensive, as the inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

Hundreds of people in this vicinity used Hyomei in this way during the recent crisis and avoided danger. They should not neglect it now for the danger is by no means over. Orear-Henry Drug Co.—Adv.

MEMORIAL FOR FLOYD COULTER

Services for Clearmont Soldier Who Gave His Life for His Country.

A memorial will be held Sunady afternoon at the Methodist church of Clearmont for Floyd Virgil Coulter of Clearmont, who died in France October 16, last.

The service would have been held sooner but the influenza epidemic prevented. It will be in charge of the pastor, Rev. Kerr. Young Coulter was attached to the 89th division and was severely wounded during the St. Mihiel engagement, and died a few weeks later.

Maiwatchi, an Asiatic town on the borders of Russia, is peopled by men only. Women are forbidden entrance there.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kep me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Undergoes Second Operation.

Harold James, the son of Mr. and Mrs. L. P. James, who is ill at St. Francis hospital, underwent a second operation o fskin grafting yesterday and eight more square inches of skin were grafted onto his thigh. The first operation was very successful, and seven squares out of the eight grafted, adhered alright. The first supply of skin was taken from the boy's sister, Miss Martha James, and the second from the nurse who has been taking care of him during his illness.

CHAS. HOSHOR WRITES OF EXPERIENCES WITH BOCHES

NAMES NODAWAY BOYS

Gives Names of Home Boys in His Company Together With Those Wounded and Nature of Them.

In a letter to the Democrat-Forum under date of November 5, Sergeant Chas. F. Hoshor, with the A. E. F., in France writes as follows:

"Just back from the front and will drop you a line if the 'cruddies' don't make too many counter attacks. I am back at rest billets and with a good dry place to sleep—and its fine after what we've had. Fritz treated us just a little rough but the Nodaway boys in this regiment are still full of scrap. Here is a list of the boys who are with the company at present: Ray O'Grady Loren Bagley, John Henggeler, James Gabhart, Wade Ross, John Walkinshaw Chester Wilson, Lester Swearingen, Mike Gaa, Ralph Dixon, Harry Piveral, and Robert C. Filson. These boys received slight wounds, but will soon be back with the company, and not one badly hurt for I saw them myself. Arthur Cobb, gassed; Reuben Hall, bullet in hand; Francis Popham, hit with shrapnel in one finger; Laymen Hansen, slightly wounded; Leo Roney, bullet in shoulder. If we continue to be as lucky we will return with a great experience, and can say, each of us, that we don't belong to the S. O. S., but some of us have to be there. Fritz had his artillery this time, but we gave it back to him just as good as he sent. We captured oodles of prisoners, but did not have as good luck as Fay Corrough had. We thought our first drive was rough, but it was not to be compared to this one. Just a little of my experience: Spent three days in the front line in mud six inches deep and could only swat Fritz in the eyes with mud balls. He beat it and never got close enough again for us to damage him much. I had a couple of close calls out of a thousand that were miracles I experienced myself. Was lying on the ground in the line of combat groups, being in charge of the middle line—there were three lines with about twenty feet between each. A .75 hit between my line and the one to the right, and about twenty feet from me; it wounded eight about me, leaving two unscratched. Was on a chow detail with twenty-two others when six 155's hit in the middle of our line; it set me down on the ground pretty hard and wounded five men in the bunch badly—one just behind me and four just in front. Received ten Democrat-Forums today and we boys sure appreciate them.

M. H. S. VS. KING CITY TONIGHT

First at Home Game Expected to Attract Large Crowd.—Girls Team Plays Hopkins Saturday Night.

The Maryville High School five will take on the King City team tonight on the Normal court, being the first at-home game to be played. What little is known of the strength of the King City bunch, Coach Zeigler believes his men ought to have an even break, despite the fact that the team is missing two dependable players. Price is out of the game for the season with an injured knee, having been thrown in the game at Hopkins last week, while Robison, forward, was lost through graduation.

The line-up will include: DeArmond, captain; Cook, forward; French, center; Foreman, Kirby and Campbell, guards; Farmer and Pierpoint, forwards. H. P. Swinehart will referee the game.

The girls basket ball team will go to Hopkins Saturday night for their first game of the season with the Hopkins school team. The players will be accompanied by Miss Martha Denny, coach, and Miss Maria Hart, who will act as referee. The team includes Ruth Miller, Margaret Dietz, Marie Kissinger, Mabel Raines, Ruth Bookman and MaryMiller. The players are in prime condition and expect to annex the long end of the score.

To Portland, Ore.

Mr. and Mrs. J. R. Alexander, living near Orrsburg, left yesterday for Portland, Ore., where they will visit their daughters, Mrs. Earl Crabb and family, and Miss Gladys Alexander. The latter teaches in the Portland schools. The Alexanders will make an extensive visit at other places in the west before returning.

COURT NEXT WEEK

JUDGE DAWSON HAS A LARGE DOCKET TO DISPOSE OF

CRIMINAL CASES ARE FEW

On the Trial Docket, However, Ninety-four Cases Are Head-Line Divorce Cases Down for Hearing.

With almost a year having elapsed since there has been a regular term of circuit court, the docket on the term that will begin next Monday morning is an unusually large one and is an indication that it will take at least two weeks to dispose of the cases to be heard. While there are no murder cases, several criminal cases are expected to take up considerable time. Ninety-four cases are on the trial docket.

With twenty-two criminal cases, nine are for grand larceny, seven are for assault of various kinds, one arson case will be heard, three are on the docket charging gaming and the will answer to parole call. There are for hearing. Nine divorce cases will be heard, while twenty-one persons will appear to parole call. There are thirty-one cases on the equity docket.

The petit jurors for the term are: Atchison, James Smith; Grant, Preston Curnutt; Grant, James Jobe; Green, E. A. Springer; Hopkins, Mart Young and J. W. DeMott; Hughes, A. A. Neuffer and Clarence Leeper; Independence, W. E. Allyn and Wm. Killion; Jackson, R. F. Allen; Jefferson, Robert Graham and Lawrence Growney; Lincoln, L. L. Tudder and W. H. Benham; Monroe, Ray Strickler; Nodaway, U. S. Reavis; and S. S. Webb; Polk, Al Heflin, Tom Kane and James Eckles; Union, Hugh McClurg; Washington, Joe Thompson; White Cloud; Wilbur Hubbard.

HARLEY HUGHES HEARD FROM

Is Railroad Clerk at Nourelly, France. Parents Receive Letter Yesterday.

Mr. and Mrs. D. M. Hughes received a letter yesterday from their son, Harley, with the American forces in France, which was the first word they had received from him since the signing of the armistice.

The letter was dated Nov. 30 and was sent from Nourelly, France, where Harley is stationed as railroad clerk. This town is eight miles from Verdun and he has been there since October 31 in this work. He went to France early last fall.

Federal Investigator Says Packers Paid Former Kansas Representative to Oppose Probe.

Washington, Jan. 71.—In exchange for his opposition to the Bourland resolution proposing an investigation of the packers, Joseph Taggart, former representative of the first Kansas district received campaign contributions from the packers totaling $1,000, Hugh McIsaacs, a federal trade commission investigator swore before the senate agricultural committee today. This and other information he secured from the examination of the packers' papers was made over the protest of Henry Veeder, council for Swift & Co.

DRY VERDICT IS ACCEPTED

Washington Regards as Futile Any Effort on Part of Wets to Stop Enforcement.

Washington, Jan. 17.—With the announcement of the ratification of the national prohibition amendment by more than the required thirty-six states attention immediately was focused upon the last despairing threat of the liberal forces to expend a billion dollars, pledged in the name of the distillers of the country to invoke referendum provisions in a dozen or more of the ratifying states and to fight in the United States Supreme Court the proclamation putting the dry decree into actual operation.

Responsible opnion here in overwhelming majority, legal and political, and representing the honest judgment of anti-prohibition as well as prohibition advocates, is that the fight to stave off the operation of the amendment will be utterly futile and that the plea of the liquor interests will be denied by the court of last resort. Washington accepts the verdict as final and within an hour preparations were under way to make effective the revolutionary change in the basic law whereby the nation will become bone dry in one year, after more than 125 years experience with a legislated liquor traffic.

The main contentions of the liquor interests in carrying the fight to the supreme court will be, first, that the amendment resolution was not adopted by a two-thirds majority of the entire membership of the two houses of congress; and second, that the action of the legislatures in states where referendum provisions are a part of the constitution cannot be certified to the Secretary of State until after the people, at a referendum, have reviewed the action of the legislatures.

50-50 BREAK SO FAR

NORMAL BEARCATS LOST GAME TO WILLIAM JEWELLS

JEWELS 44---NORMALS 26

The Game With Poly at Kansas City Tonight Is Last One of Present Trip.—Home Saturday.

With the Normal Bearcats losing to the William Jewell five at Liberty last night, the team is going against another stiff proposition tonight when they play the Polytechnic Institute five at Kansas City. The game at Liberty resulted in the Normals being on the short end of a 44-26 count. Maryville took a spurt early in the second period, but could not overcome the big lead. Mayberry, Jewell guard, caged six field goals; Egley, Normal forward starred for the Bearcats with sixteen points to his credit; Miller got two field goals. D. Keedy Campbell refereed the game. With the Poly game on tonight the Bearcats are still 50-50 for the trip.

Today's Times says of tonight's game: "Maryville established a fine record in the M. I. A. A. race last year and the game tonight promises to be a closely waged battle. Poly has defeated William Jewell and Tarkio, M. I. A. A. members, so far this season and the team will be out to make it three straight tonight."

Campbell will referee tonight's game Local fans are taking unusual interest in the trip of Coach Sims' men, the dopesters having figured it out that the Bearcats ought to be able to take two of the three games played. The game with Poly tonight is not a conference game and will not count in the final average. The team will return home tomorrow.

Coach Sims will be delighted to hear on his return that another letter man has entered school, who will strengthen the team where it is weakest, namely, the defense. The player referred to is Lee (Dad) Scarlett, who was with the team during the 1916 and 1917 seasons. Scarlett can play either center or guard and is a star at both positions He was selected as guard on the All Conference team in 1916, and was captain of the Normal five in 1917.

Harry Alderman Here Saturday.

Harry Alderman of Waterloo, Ia., will arrive in Maryville tomorrow to visit over Sunday with his brother and his wife. Mr. and Mrs. M. J. Alderman. Mr. Alderman is head of the advertising department of the Associated Manufacturers company of Waterloo, which is the same position he held before entering military service. He was discharged three weeks ago from Camp Zachary Taylor, Louisville, Ky.

LIEBNECHT IS SLAIN

SPARTACAN LEADER AND AID VICTIMS OF BERLIN MOB

WERE SHOT TO DEATH

Officers Who Were Escorting Them to Prison and Persons Who Did Shooting Under Arrest

London, Jan. 17.—Karl Liebnecht and Rosa Luxemburg, the two chief leaders of the Spartacans, and both active in spreading Bolsheviki propaganda, have been slain, it was announced today. Liebnecht was shot while trying to escape from his guards in Berlin. A Zurich dispatch states that Rosa Luxemburg was shot while a Berlin crowd was clamoring to lynch her. She was slain in an automobile while he was enroute to the prison, the crowds surging about it attempting to drag the woman from it when a man jumped on the running board and shot her to death.

Officers who were escorting Liebnecht and the Luxemburg woman when they were killed, together with the persons who were responsible for the shooting have been arrested by the authorities, and will be severely punished, it was announced.

Zurich, Jan. 17.—The death of Karl Liebnecht and Rosa Luxemburg resulted in the renewal of fighting in the suburbs of Berlin and elsewhere, according to information received here this afternoon. The Spartacides attacked the Krupp plant at Essen threatening to destroy the plant, but were repulsed by government troops. A battle was said to be in progress in one suburb of Berlin.

IS A COLONEL NOW

MAJOR NEWLON TAKES CHARGE OF REGIMENT OF A. E. F.

VISITS BATTLE FIELDS

Ride of Over Two Hours Through Devastated Region Saw No Living Thing in Sight.

The following interesting letter has been received by Mrs. C. D. Nicholas from her brother-in-law, Col. Paul Newlon, now in command of a regiment of American Expeditionary Forces in France. Col. Newlon was a major at the time the letter was written, but has since been advanced to the position of colonel. He is a former resident of Maryville and brother of Fred Newlon, and is well known here. His letter which was written on different dates, November 12, November 22 and November 26, follows:

France, November 12.—Believe me, there was some celebration in France last night. People carrying the tricolor of France La Guerre Fines (the war is finished). They were all drunk on wine and celebrated all night. At our officers mess of about twenty-two we had a big time in honor of the French lieutenant who was with us, he being with us as interpreter. He proposed a toast which shows the spirit of France toward us. It was as follows: 'Major Newlon and gentlemen: The emotion which fills my heart prevents me from finding the proper words to express my feelings. You will therefore excuse me if I cannot talk with my brains but with my heart. In the name of our dead heroes who are avenged, in the name of their old fathers and mothers who are weeping for them, in the name of the children of France, who are preserved from the German stain in the name of France, of liberty, of freedom, I thank you as a Frenchman; I thank all for having, from the very day you left your native land, made the sacrifice of your homes and of your lives. I drink to America, of France, for the greatest benefit to humanity.' The poor fellow had been all through it and was so overcome at the report of the signing of the armistice, he could hardly believe it was true. One poor mother got the word yesterday that her son was killed the last week after going all the way through.

I took a hike with the battalions this morning to a place I may not mention, but it was to the ruins of an old church destroyed during the French revolution. It was built by the St. Bernard monks in 1118. It must have been a wonderful building. The ruins are just as they were 125 years ago. There is a fine chateau close by that was used by the monks and the old kitchen is still used. The officers went inside and saw a lot of fine paintings, also the coat-of-arms, swords, etc., of the family that has owned the estate for five centuries. It is the home of the Count de Fontenay who is about 80 years old. He wasn't there today but will be soon and we are going back and meet him. It is the place Marshal Foch comes to hunt and rest. He and his staff were there six weeks ago for two days.

I am looking for a big bunch of men in today. We don't know where we will go but think we will be in the army of occupation. Col. Means got into the big fight and I am terribly disappointed I didn't.

I have so much to tell you, but cannot write lots of it. Am feeling fine and getting along the best kind. The French have my headquarters windows so full of flags I can hardly see out.

Nov. 22.—I sure am some busy. The colonel is on a month's sick leave Has gone to Southern France, and I am in command of the regiment. He seems to be pretty sick with the grippe and told some of the officers that he might not be back to the outfit but that I would probably take the regiment home. I hope tho that the warm climate where he is going will make him feel better. He coughs bad and looks bad. We are handling thousands of men the last few days. General Strong was here a few days ago. A party of us are going up on the front line Sunday. We have a Dodge Sedan for the use of the regimental commander, so I use it when I have a trip. A bunch of us visited the chateau Sunday and were received by the Count de Fontenay. This is a very old family in France and we had a very interesting trip. He is 80 years old and the countess is one of the sweetest old white haired ladies I have ever seen. They can't speak English, but my French lieutenant was with me to interpret. The chateau is filled with fine paintings. The count is an artist himself, also coat-of-arms, armor plate, guns, etc., of every kind. Marshal Foch had his headquarters there in August when the St. Mihiel drive was on. Secretary of War Baker called on the marshal there and held their consultation on the conduct of the war. They had large maps spread out on a billard table. The count is the oldest living officer left of the French army of the Franco-Prussian war. He was a general and is a graduate of St. Cyr, the West Point of France. He has fought several duels, has portraits of many of his ancestors whose names are well known in French history. The family lost much of their land and wealth in the French Revolution as they were Catholics.

The most of the boys who were prisoners of Germany are going thru our Division but I am not getting any of them. General Strong just drove up and sent for me. He was very pleasant. He has a big Packard Sedan.

It hasn't rained for a week now. Fine fall weather

Nov. 26.—It has commenced raining here again and is very disagreeable. I took a trip up to the front Sunday with a party of my officers. It was a wonderful sight. I can't mention some of the places where we were, but they were points where some of the hardest fighting was done. We saw perhaps 20 towns that were entirely destroyed. In fact all we saw were. Some of them were pounded into the ground. We saw one well known larger city of probably 150,000 before the war, where there was a very fine cathedral (Rheims?) that had been destroyed. We traveled all day in that section and didn't see a woman or child. We were behind the old German lines for quite a ways which they had held for four years and had built fine dugouts. The officers' dugouts were made of cement and had glass doors, etc. They had changed the road signs and all kinds of signs to German. In fact, the Germans had only been gone three weeks. We saw miles and miles of all kinds of barbed wire entanglements, trenches, dugouts and debris of all kinds, rifles, machine guns, ammunition, clothing, artillery, blankets of the French, German and American army were piled along the road where they had been salvaged. Some dead horses were still unburied. We were struck with the small amount of graves we saw. All troops are gone from there except labor regiments who are cleaning up. We rode for 2½ hours through a devastated region and didn't see a living thing except a hawk chasing a rabbit thru the entanglements.

The farmers here all lived in villages and these had been destroyed and the people had left or had been run off into Germany. They haven't anything to come home to. Bridges gone, roads shelled, trees torn to pieces. I am more disappointed every day that I did not get into it. We are handling a great many men. Getting them back to their outfits from hospitals, etc. Have no idea when we will be home. I am making no plans. I see Lansing says that peace won't be signed until February. So we will be here for some time.

Must close and make an inspection of the kitchens. After seeing what the Huns have done to France and after the exposure of the Kaiser's plans, I am glad we got in when we did and stopped them from coming to our shores. Everybody here thinks the conquering of France and England was the beginning of a war for world conquest.

MOLINE
UNIVERSAL TRACTOR
It Solves The Farm Help Problem

Winter is half over and the feed bill has been greater than ever before to maintain draft stock on the farm and they must be fed up good and strong from now on for spring work to get the best results from their services.

Moline Universal Tractor users are saving their feed Now or producing meat for human food. Their tractors cost nothing to maintain when not at work, besides they reduce the cost of production and require less farm help to operate and will do all the farm draft work, including cultivation of all row crops, with the labor of but one man.

Moline Universal Tractors are more successful for cultivation of crops and have greater endurance than horses could hope to have yet; requires but one man to operate both implement and tractor.

The world will bid high for American farm products this year and for years to come and when one man may produce more food and cut his farm expense less than half by the use of power machinery, let's do this: Buy farm power machinery, sell draft stock, reduce cost of operation and increase production.

Let us go into details with you now about this equipment before spring work comes and then YOU will be prepared to start even with YOUR year's work.

Automatic Stop: This attachment is thoroughly reliable, is very simple in its construction, and just as simple in its operation.

Motor: It is the supreme motor of the phonograph world, and plays nearly twice as long as others in machines sold at the same price.

Sound Amplifier or Horn: This helps to produce the wonderful SONORA tone. It is composed of wood throughout, like a high grade violin.

Envelope Filing System: This patented feature is a model of simplicity and convenience. The Records can always be quickly located when wanted.

We want you to hear the SONORA before you buy a phonograph.

Factory Retread Tires
WHAT IS "FACTORY RE-TREADING?"

There is no question about the economy of re-treading tires, providing it is properly done. "Factory Re-treading" is done in a factory where tires are MADE and it is done in the same manner in which the tires are made in the first place—by vulcanizing RAW rubber onto a fabric that has been tested to withstand terrific hydraulic pressure. That is, if your fabric is WORTH re-treading it is done—but if it is NOT worth it, we will tell you so and save you an expensive experiment.

Factory re-treads WON'T COME OFF — because they are not PUT ON—they are simply re-built tires.

We will be glad to show you samples of Factory Re-treads and give you prices.

We repair tubes, punctures and blowouts on short notice.

DAILY HEALTH TALKS
What Is The Cause of Backache?
BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing-down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women, for the vegetable growths of which it is made seem to have been intended by Nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Send 10c for trial pkg. of Tablets. Address Invalids' Hotel, Buffalo, N. Y.

Constipated women, as well as men, are advised by Dr. Pierce to take his Pleasant Pellets. They are just splendid for costiveness.

QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then — a bad breath — a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

DRYS TO USE ALL RESOURCES.

Washington, Jan. 17.—With nation-wide prohibition it is now the aim of the drys to the end that the resources of the powerful prohibition organizations of the country be thrown into the fight against the efforts of the wets to prevent its enforcement by the government, it was announced today by Edwin Dinwiddie, legislative representative of the anti-saloon league.

SAYS COLD WEATHER BRINGS RETURN OF INFLUENAZ

Public Must Be Careful To Avoid a Second Epidemic—Easier To Prevent Than Cure—What To Do.

"Encouraging reports of the fewer cases of Influenza in this vicinity should not allow us to relax our vigilance or to become careless in the belief that the danger is all over," says a well known authority. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions, taken by the public, to prevent infection.

When the air is full of influenza germs, you may be constantly breathing them into your nose and throat. But their danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood.

During the recent serious epidemic which hit Maryville so hard, most successful results were obtained by many through the simple breathing into the nose, throat and lungs of the medicated air of Hyomei. Probably no better, safer or more sensible precaution against Influenza, Grippe, Coughs, Colds, Bronchitis or Catarrh of the nose and throat could be employed than to go now to the nearest drug store and get a complete Hyomei outfit consisting of a bottle of the pure Oil of Hyomei and a little vestpocket hard rubber inhaling device into which a few drops of the oil are poured.

Carry this Inhaler with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germs that may have found lodgment there. This simple precaution may save you a serious illness and the loss of several weeks' work. It is pleasant to use and not at all expensive, as the inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

Hundreds of people in this vicinity used Hyomei in this way during the recent crisis and avoided danger. They should not neglect it now for the danger is by no means over. Orear-Henry Drug Co.—Adv.

MEMORIAL FOR FLOYD COULTER

Services for Clearmont Soldier Who Gave His Life for His Country.

A memorial will be held Sunady afternoon at the Methodist church of Clearmont for Floyd Virgil Coulter of Clearmont, who died in France October 16, last.

The service would have been held sooner but the influenza epidemic prevented. It will be in charge of the pastor, Rev. Kerr. Young Coulter was attached to the 89th division and was severely wounded during the St. Mihiel engagement, and died a few weeks later.

Maiwatchi, an Asiatic town on the borders of Russia, is peopled by men only. Women are forbidden entrance there.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kep me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Undergoes Second Operation.

Harold James, the son of Mr. and Mrs. L. P. James, who is ill at St. Francis hospital, underwent a second operation o fskin grafting yesterday and eight more square inches of skin were grafted onto his thigh. The first operation was very successful, and seven squares out of the eight grafted, adhered alright. The first supply of skin was taken from the boy's sister, Miss Martha James, and the second from the nurse who has been taking care of him during his illness.

Old Man Adam had this advantage over modern men: He could stay out nights just as late as he pleased without danger of Eve accusing him of running after other women.
